I expect it will be a statement, but it is possible it will be data also. We will just need to see what it is.

Sounds good, Joan!

How should I format this? This “data” issue is very new to me tonight; I had been working with Suzanne quite a bit on the “Remedial Investigation Plans” (Statement of Work) set of documents.

In other words, should it be an addition to this page, with an August 12th date?

<http://www2.epa.gov/goldkingmine/updates-epas-response-2015-release-gold-king-mine>

Or should it be a press release, added to this page?

<http://www2.epa.gov/goldkingmine/press-releases-related-2015-release-gold-king-mine>

Or something else?

Thanks!

Correct about the two separate issues, but I think we need to keep standing by based on my discussion with Shaun a bit ago.

Hi everyone,

David O's latest message 2 minutes ago is:

We are in intense negotiations over that with the highest levels of EPA and locals.

It sounds like nothing will be approved for posting tonight. We are waiting on two very different categories: data and the SOW releases.

Let me know if I'm mistaken with this assumption, Joan.

Thanks!

Do we have to inform congressionals tonight, as well? Just wanted to check on that.

Christy and Melissa,

Per our phone call tonight, Julia is standing by if we need to send out to media that we are releasing sampling data. If that is the plan, we will need confirmation that it has been posted before we can send out.

Also, Melissa, you said that I may need to sign off for the EOC. I'll alert Dana Tulis and Josh Woodyard who can give that approval. If I can't get them, then I'll sign off and we'll proceed forward and I'll explain it to them tomorrow. - George (cell 202-631-6957).
